**NOTICE**

**MULTIPLE COORDINATED POLICIES.** The South Carolina Department of Insurance has adopted a ruling by NCCI that requires PEOs in the assigned risk market in South Carolina to operate under Multiple Coordinated Policies (MCP) for workers' compensation insurance coverage. These policies require a PEO to apply for a policy in its own name for direct employees and to apply for coverage for each of its clients to cover employees leased to those clients. Policies are applied for in the client company name as the insured. The policies are then "coordinated" and the leasing company is billed for premiums with copies sent to client companies. If you are currently operating under a non-MCP, please contact your insurance carrier regarding this ruling.

PEOs that provide workers' compensation insurance to client companies must, before executing a service contract and on an annual basis, conduct a good faith investigation to determine if the client company engages any non-assigned employees, including those considered employees under Title 42, in any part of the client company's trade, business, or occupation. The law also requires that upon a determination that a client company does include non-assigned employees, the service contract must require the client company to secure and maintain workers' compensation insurance (*See § 40-68-70 (B)*).

Have you conducted such an investigation regarding each of your client companies within the past year?

- Yes       No

South Carolina Code § 40-68-70 (D) requires a PEO to report the information derived from these investigations to its workers' compensation carrier. Have you made such reports in the past year?

- Yes       No
