NOTICE

MULTIPLE COORDINATED POLICIES. The South Carolina Department of Insurance has adopted a ruling by the NCCI that requires Professional Employer Organizations (PEOs) in the assigned risk market in South Carolina to operate under Multiple Coordinated Policies (MCP) for workers' compensation insurance coverage. These policies require a PEO to apply for a policy in its own name for direct employees. The rule then requires the PEO to apply for coverage for each of its clients to cover employees leased to those clients. Policies are applied for in the client company name as the insured. The policies are then "coordinated" and the leasing company is billed for premiums with copies sent to client companies. If you are currently operating under a non-multiple coordinated policy, please contact your insurance carrier regarding this ruling. A copy of this ruling is available on our web site at www.consumer.sc.gov.

PEOs that provide workers' compensation insurance to client companies, before executing a service contract and on an annual basis, must conduct a good faith investigation to determine if the client company engages any non-assigned employees, including those considered employees under Title 42, in any part of the client company's trade, business, or occupation. The law also requires that upon a determination that a client company does include non-assigned employees, the service contract must require the client company to secure and maintain workers' compensation insurance (See § 40-68-70 (B)).

Have you conducted such an investigation regarding each of your client companies within the past year?

Yes No

South Carolina Code § 40-68-70 (D) requires a PEO to report the information derived from these investigations to its workers' compensation carrier. Have you made such reports in the past year?

Yes No

NET WORTH COMPLIANCE

All applicants must demonstrate a net worth of at least \$50,000.00 (*See* § 40-68-40 (E)).

Financial statements must include: statement of income and retained earnings, balance sheet, statement of changes in financial position (cash flow), and applicable footnotes. The financial statements also must reflect positive working capital and positive tangible net worth.

The most recent statement must be for the annual period ending no earlier than 180 days before the date of this application, and shall be attested to by an independent Certified Public Accountant. If the most recent audited financial statement currently available is dated more than 180 days before the date of this application, the applicant must certify to the Department that there have been no material adverse changes in the financial position of the company since the date of the last financial statements, and shall provide a copy of the next financial statement as soon as it becomes available.

Unless the audited financial statements are specifically for the named licensee, the licensee must apply for a PEO Group license, complete all forms necessary for a PEO Group license, and pay the license fee for a PEO Group.

Date of Financial Statement: _____

Pursuant to Regulation 28-1000(G), quarterly reports for financial income statements and balance sheets will be due for each quarter (3/31, 6/30/, 9/30 and 12/31) within 75 days after the end of each quarter after issuance of a license. In these reports, licensees must demonstrate that premiums for health insurance, life insurance, workers' compensation and other employee benefits have been paid to the proper payee; that working capital is in a positive position, and; that federal, state, and local payroll taxes have been paid as required by the regulations of each taxing authority.
