***RE: Important Security and Protection Notification
Please read this entire letter.***

Dear Sample A Sample:

We are contacting you about a data security incident that occurred at BulkReefSupply.com ("BRS"). While the investigation is ongoing, it has been determined that the security of some data for some customers who logged into the website from July 30, 2014 until January 30, 2015 may have been compromised. The outside cyber hacker intrusion was initially discovered on January 21, 2015 and the data compromise was contained and corrected on January 22, 2015. Further corrective action occurred on January 30th. This incident involved some customer's name, address, telephone number, email address/user name, password and credit card information. The information DID NOT include SSN, personal health information or Fed ID. As a result, some customer's personal information may have been potentially exposed to others. Please be assured that we have taken every step necessary to address the incident, and that we are committed to fully protecting all of the information that you have entrusted to us.

As soon as BRS discovered this potential issue, a forensic expert company was retained and the intrusion was isolated and stopped. Forensic analysis was performed and it was confirmed that the problem was corrected. Besides immediately securing the site and information in question, BRS added additional protections to the locations of the personal information and put monitoring measures in place to insure this attack has been stopped and will not occur in the future. BRS is confident that the risk of any potential future or ongoing breach has been mitigated. BRS has also notified law enforcement and provided it with all the information about this intrusion.

ADDITIONAL ACTIONS TO HELP REDUCE YOUR CHANCES OF IDENTITY THEFT

⇒ PLACE A 90-DAY FRAUD ALERT ON YOUR CREDIT FILE

An initial 90-day security alert indicates to anyone requesting your credit file that you suspect you are a victim of fraud. When you or someone else attempts to open a credit account in your name, increase the credit limit on an existing account, or obtain a new card on an existing account, the lender should take steps to verify that you have authorized the request. If the creditor cannot verify this, the request should not be satisfied. You may contact one of the credit reporting companies below for assistance.

Equifax

Experian

TransUnion

⇒ PLACE A SECURITY FREEZE ON YOUR CREDIT FILE

If you are very concerned about becoming a victim of fraud or identity theft, a security freeze might be right for you. Placing a freeze on your credit report will prevent lenders and others from accessing your credit report entirely, which will prevent them from extending credit. With a security freeze in place, you will be required to take special steps when you wish to apply for any type of credit. This process is also completed through each of the credit reporting companies.

⇒ ORDER YOUR FREE ANNUAL CREDIT REPORTS

Visit www.annualcreditreport.com or call 877-322-8228.

Once you receive your credit reports, review them for discrepancies. Identify any accounts you did not open or inquiries from creditors that you did not authorize. Verify all information is correct. If you have questions or notice incorrect information, contact the credit reporting company.

⇒ MANAGE YOUR PERSONAL INFORMATION

Take steps such as: carrying only essential documents with you; being aware of whom you are sharing your personal information with and shredding receipts, statements, and other sensitive information.

⇒ USE TOOLS FROM CREDIT PROVIDERS

Carefully review your credit reports and bank, credit card and other account statements. Be proactive and create alerts on credit cards and bank accounts to notify you of activity. If you discover unauthorized or suspicious activity on your credit report or by any other means, file an identity theft report with your local police and contact a credit reporting company.
