Notice of Data Breach

Dear Name:

Evanson Asset Management recently learned of an incident that may have resulted in unauthorized access to an email containing your personal information. We truly regret that this happened.

What Happened?

On January 9th and January 10th, two of our employees' computers were compromised by a phishing email sent to the individuals via a highly-targeted email attack. This incident allowed an unauthorized individual to have access to some of the employees' email correspondence, including the content of an email that we exchanged with you via our encrypted secure mail service. Although we do not know if our communication with you was actually viewed, we are notifying all affected customers out of an abundance of caution.

What Information Was Involved?

You are receiving this notice because an email on the impacted computer contained your name and Social Security number along with your email address, account number, and mailing address.

What We Are Doing?

We immediately notified the financial institutions with whom your funds are custodied and have requested that they enhance their monitoring of your account. Your account custodian may contact you to verify account activity.

Because your Social Security number may have been viewed, we are also offering you a complimentary credit monitoring product. This product gives you access to fraud resolution experts and also helps detect possible misuse of your personal information. Please see the attached sheet for additional information and enrollment instructions for the credit monitoring product.

What You Can Do?

Although we have no reason to believe that harm will result from this incident, it is nonetheless important to always remain vigilant for instances of fraud or identify theft. It is a good practice to check your consumer reports annually. You may obtain a free copy of your credit report once every 12 months from each of the nationwide consumer reporting agencies by visiting <http://www.annualcreditreport.com> or by contacting the consumer reporting agencies at:

ADDITIONAL INFORMATION FOR CERTAIN STATE RESIDENTS

CALIFORNIA: The mailing of this notice was not delayed by law enforcement.

CONNECTICUT: You have the right to place a security freeze on your consumer reports. A security freeze prevents a consumer reporting agency from releasing your credit report without your authorization. However, using a security freeze may delay your ability to obtain credit. You may request that a freeze be placed on your consumer report by sending a written request to each credit reporting agency by certified mail, overnight mail or regular stamped mail to the address below.

Equifax Security Freeze
P.O. Box 105788
Atlanta, GA 30348

Experian Security Freeze
P.O. Box 9554
Allen, TX 75013

TransUnion (FVAD)
P.O. Box 2000
Chester, PA 19022-2000

The following information should be included when requesting a security freeze: full name, with middle initial and any suffixes; Social Security number; full date of birth; current address and previous addresses for the past two years. The request also should include a copy of a government-issued identification card, such as a driver's license, state or military ID card, and a copy of a recent utility bill, bank or insurance statement that verifies your current residence.

The consumer reporting agency may charge a fee of up to \$5.00 to place a freeze or lift or remove a freeze, unless you are a victim of identity theft and have submitted a police report relating to the identity theft to the consumer reporting company.

Each credit reporting agency will send a written confirmation to you regarding the freeze along with a unique personal identification number (PIN) that can be used by you to authorize the removal or lifting of the security freeze. It is very important for you to protect and remember the PIN. To lift the security freeze in order to allow a specific entity or individual access to your credit report or to remove the freeze, you must contact the credit reporting agencies and provide your identification information and the PIN.

You can also place, lift or remove a security freeze using consumer reporting agencies' websites:

Equifax: https://www.freeze.equifax.com/Freeze/jsp/SFF_PersonalIDInfo.jsp

Experian: <https://www.experian.com/freeze/center.html>
